

DREAMS ABROAD STUDIES

“Chase your dreams together with us”

ABOUT US

One of the top study **abroad education consultants in Trivandrum** is Dreams Abroad Studies. Founded and run by Mr. Giri Govind, Managing Director, the company has its headquarters in Trivandrum, Kerala, India. The business provides comprehensive services for facilitating study abroad. With branches and affiliate offices in almost every district and city in Kerala, as well as important Indian towns, it is the official agent of more than 600 prestigious universities and colleges from more than 20 countries.

A group of highly skilled, driven individuals with years of expertise and exposure abroad supports the management. The success of our team can be attributed to their steadfast commitment, ethical standards, professional practices, ongoing staff training investments, and utilization of cutting-edge technology.

Why choose us ?

1. **Expert Guidance:** Consultants typically have extensive knowledge about various universities, programs, and application processes. They offer personalized guidance tailored to each student's academic goals, ensuring informed decisions.
2. **Simplified Process:** Navigating the complexities of studying abroad can be daunting. Consultancies streamline the process, providing step-by-step assistance, making it easier for students to understand and complete their applications.
3. **Comprehensive Support:** From selecting suitable universities to visa application assistance, they offer comprehensive support at every stage, alleviating the stress and uncertainty associated with studying in a foreign country.
4. **Access to Resources:** Consultancies often have access to resources and networks that can benefit students, such as scholarship information, exclusive partnerships with universities, and insights into various study destinations.
5. **Personalized Approach:** They understand that every student has unique aspirations and challenges. Hence, they provide personalized counseling and guidance, ensuring that students receive tailored advice suited to their individual needs.
6. **Post-Admission Support:** Beyond securing admission, consultancies might offer support services post-acceptance, helping with pre-departure arrangements, accommodation, and other logistics to smoothen the transition for students.

OUR SERVICES

Admission Guidance

We lead you through a series of inquiries to identify the answers that best fit your profile, making sure you select the academic route that will help you reach your professional objectives in light of your aptitude, skills, and interests.

Education Counselling

Making the decision to apply to foreign colleges and universities is important. Our career counseling goes beyond simply recommending a nation and university; instead, it encompasses assisting you in making the best career choice. This is when the function of our counselor becomes crucial.

University Selection

Based on the student's profile, we provide a list of universities or colleges that match their criteria. Factors considered include academic reputation, course offerings, location, tuition fees, and scholarship opportunities.

Test Preparation

Many foreign universities require standardized test scores such as the SAT, ACT, GRE, or GMAT. We may offer test preparation classes or provide guidance on self-study resources.

Application Assistance

We assist students in filling out application forms, preparing required documents (such as transcripts, recommendation letters, and essays), and ensuring that all application requirements are met.

Finance

Even with limited finances, you can easily realize your ambition of studying around the world. Loans for education might play a significant role in your overall financial plan. We give you the chance to apply for an education loan that will pay for all of your college expenses, including books and living expenses. We provide comprehensive advice on bank and financial institute student loans.

Scholarship

A scholarship is a kind of financial assistance given to students so they can continue their studies. International scholarships for Indian students are given out according to a number of standards, most of which are a reflection of the goals and ideals of the award's founder or donor. Scholarships help those with low incomes achieve their ultimate goal of obtaining a quality education. Financial aid is not the only format in which scholarships can be awarded.

Visa Assistance

We help students understand visa requirements, assist in filling out visa applications, and provide guidance on gathering necessary documents for the visa interview.

Travel Assistant

It's not simple to apply for a study visa. Obtaining a study abroad visa requires patience, but with our counselors' help, it may be an incredibly easy process. We assist you throughout the full visa application process, which includes completing forms, gathering financial records, and much more. We also offer advice and training for practice interviews.

Post Departure assistance

We see our relationship with students as continuing long after they arrive in their ideal nation. We make sure you're comfortable at your new location with our value-added services. Our counselors can assist you with airport pickups, lodging, foreign exchange, obtaining SIM cards, travel card arrangements, and other things. Many of them have first-hand knowledge of studying and working abroad.

Career Guidance

We also offer career counseling services to help students make informed decisions about their academic and career paths. This may include assistance with internships, job placements, or further studies.
